## CARBONDALE.

A GOOD SUGGESTION.

An old resident has the following good suggestion to make regarding the semi-centennial celebration: coming Let an invitation be extended to all former residents who are then living to grace the occasion by their presence on some day to be set apart for that purpose. The feature might include procession and possibly a banquet. With the visitors, all residents who were here at the incorporation of the city should join in the special festivities. I doubt not every former resident who could possibly attend would gladly do so, and it would add much to the significance of the occasion.
